

Is a leading international studio dedicated to contemporary and pragmatic architecture; in charge of the architectural designs of recognized Real Estate companies. Currently, the office has numerous completed and ongoing projects in various countries such as the United Arab Emirates, Qatar, Nigeria, Brazil, France, the United Kingdom, the United States, Russia, Mexico, among others.

CREATO is the place where great ideas emerge, seeking to motivate people to live a better life through architecture, creating and living in the future, now.

JAVIERCUEVAS

Dedication Expertise Passion

The architect Javier Cuevas, demonstrates a remarkable pursuit of perfection through his awe-inspiring designs. His creations embody an extraordinary level of craftsmanship that approaches the realm of absolute perfection.

With his wealth of experience and distinctive architectural style, Javier Cuevas has had the privilege of designing in some of the most coveted locations worldwide, including renowned cities such as New York, Saudi Arabia, Dubai, France, and the United Kingdom, among others. These exceptional sites have served as the backdrop for his remarkable creations, ranging from exquisite luxury residences to elaborate complexes sought after by celebrities and royal families in the Middle East.

THE TEAM

In our studio, we are embarking on a visionary journey to redefine a visual language that transcends cultural boundaries, embraces harmony with nature and history, and yet propels us into the future, here and now. Our mission is to inspire individuals to lead enriched lives through the transformative power of architecture.

In a world characterized by constant evolution, CREATO thrives on creating dynamic designs that seamlessly adapt to this ever-changing landscape. We strive to craft a cosmopolitan and borderless architecture that resonates with a connected world, transcending geographical barriers and resonating equally in the East and the West.

SANKOFA CITY

DISTRITO ROYAL COUNTRY

TZAPOPAN, MEXICO

In recent years, Zapopan has become the headquarters of the main international business centers in Latin America.

And master plan Dstrito Royal is projected to be developed in one of the most sought-after places in the city, a spectacular complex that combines residential and commercial buildings.

The projection of a city with future and great development is part of the ambition of its society.

DISTRITO ROYAL COUNTRY

DISTRITO CANCUN

† CANCUN, MEXICO

Distrito Cancun is composed of residential area, a school Macc, and commercial development, all of this joined in a unique and novel manner that mixes interiors and exteriors with the distinctive signature style of Creato. Dominating and perfecting volumes merging functionality, originality and esthetics. This development offers a hip and trendy lifestyle combining basic needs of education and recreation, bringing them close to the residential area. Attending to these needs Distrito Cancun offers several concepts like a Linea Park, which brings green areas in to the architecture of the complex creating harmonic spaces between design and nature.

The complex was planned since first instance giving special treatment to the areas that will be occupied by the younger students, in order to guarantee their security. Educational area, recreational area and cultural area merge in between interactive gardens, green areas and resting squares.

DISTRITO CANCUN

MYSORI COMPLEX

MYSORI, INDIA

DAWN VILLA

† CANCUN, MEXICO

The plot of Dawn has the luxury of looking strength to a golf camp and the aquamarine water of the Caribbean.

This beautiful landscape brings a place of creating beautiful clean architecture, open to the environment, mixing high-tech, and luxury marble finishes that bring to the villa a unique style.

DAWN VILLA

DAWN VILLA

ICON VILLA

† ZAPOPAN, MEXICO

Our mission is always to reinvent ourselves in every project we design, icon house has not been an exception, with a new geometry that solves a complex architectural program, alluding to one piece of art, it is because it was born into that conception, from the initial sketches to the final rendering and modeling, the house has created like one beautiful piece.

We have designed icon house with the ultimate purpose of creating a surprising but cozy house, with new spaces and at the same time inspiring for those who inhabit it.

All in the

ICON VILLA

OCEAN VILLA

P DHAHRAN, KINGDOM OF SAUDI ARABIA

The Ocean villa, designed to maximize ocean views and all feature generous full-height living spaces. Large wraparound terraces dissolve the boundary between indoors and outdoors, creating "verandahs in the sky" that take advantage of Dhahran's warm climate, capture refreshing sea breezes and encourage an outdoor lifestyle.

OCEAN VILLA

NAREEL VILLA

\$ ABU DHABI, UNITED ARAB EMIRATES

This house is all about delivering a glamorous and sensuous experience that is visual and tactile and links meaningfully to the outdoors.

NAREEL VILLA

LANDSHAFT VILLA

† MOSCOW, RUSSIA

The Landshaft Villa is on the border of a huge highland wildlife sanctuary.

Out of every room, you can enjoy spectacular views of green lands spreading down to the area. Public area is located on the ground floor. We enter the living room through the hall. The joint area of kitchen, dining room and living room is split into 2 zones. It has panoramic glazing on one side of the living room and an exit to the terrace with the pool.

LANDSHAFT VILLA

LAURELES VILLA

¶ GUADALAJARA, MEXICO

The intricate volumetric shape of this project make it one of our symbolic pieces. Located in one of the most exclusive suburbs in Guadalajara city, seize the views and make a statement raising in between the wooded land.

Distribution solved in three levels contemplates recreational spaces as a basement bar, pool, and terraces, leaving in privacy the family spaces and bedrooms.

LAURELES VILLA

Sec. 1

ten and the state

LAURELES VILLA

REMAL VILLA

† ABU DHABI, UNITED ARAB EMIRATES

REMAL VILLA concept is an interpretation of how wind and sand interact creating these natural sculptures.

Wind and sand dialogue between each other sculpting sinuous dunes, we translate this conversation into architectural volumetric shape, merging into inner patios as "oasis", those ecosystems juxtapose villa interiors and majlis, bringing outdoors, indoors.

HELL HALL

REMAL VILLA

CASABLANCA VILLA

† CASABLANCA, MOROCCO

Casablanca a luxury mansion designed in the middle of a beautiful landscape composed by water features and abundant vegetation in the area. The volumetric proposal is right-angled but the intersection of gardens in the volume, make it dynamic. An ultra modern house that all spaces correspondent of having a nice harmony shape, with strategics openings for enjoying the nature of what it is surrounded.

CASABLANCA

ALEXENCE VILLA

† ABUJA, NIGERIA

A piece of art for an artist, this villa reflects the intentions and soul of the owners, Alexcence villa was created with the intention of guard art.

She is an experimental artist that has the intention of creating art and has their collection in the house, for it has created a petite museum in the house.green areas.

ALEXENCE VILLA

SIGNATURE VILLA

† EL CAIRO, EGYPT

The signature villa under the umbrella of EMAAR, one of the most iconic Creato style sourranded by the waters of the Mediterranean Sea, The home features a sectional roof that provides large overhangs to shield from the harsh summer sun and tall windows that allow natural light to flood the interior.

Designed in a unique style, and many feature beautiful architectural details such as high ceilings, large windows, and spacious outdoor living areas.

SIGNATURE VILLA

EAGLE VILLA

† EL CAIRO, EGYPT

In the middle of nature, facing the ocean landscape, Island Villa emerges, a luxury residence that reinvents the concept of a residential home. With its imposing architecture, it offers a unique sensory experience that plays with spaces, lights and its iconic shapes.

EAGLE VILLA

JURIQUILLA VILLA

† JURIQUILLA, MEXICO

A contemporary villa design located in the lovely residential neighborhood of Juriquilla Queretaro, with an amazing views to the lake, culminating in the elegance of the materials carefully chosen for its construction. The pure whiteness of the walls, the distinctive interplay with light are merged and rethought to suit the needs of contemporary life.

JURIQUILLA VILLA

KALIFA VILLA

† ABU DHABI, UNITED ARAB EMIRATES

The luxuries villa is located on one of the best parts of Abu Dhabi, a quiet and peaceful location, offering breath taking panoramic views,Laconic and elegant, the villa stands out for its originality and practicality, both outside and inside. Amazing views through the panoramic windows are complementing this project, creating a feeling of freedom and lightness.

KALIFA VILLA

AQUA HOUSE

† TEXAS, UNITED STATES OF AMERICA

The Aqua house is situated on the outskirts of San Antonio, elegantly projecting itself amidst the serene landscape. Expansive windows offer an awe-inspiring panorama of the untouched valley below, creating a truly breathtaking sight. Every element utilized in constructing this magnificent residence has been meticulously chosen: untreated concrete, richly textured wood, shimmering glade, and sleek metal, all harmoniously blending to form an architectural masterpiece.

AQUA HOUSE

PLAYA PARAISO

TULUM, MEXICO

The beachfront villa hideaway on the coast of Tulum opens fully to the outdoors and views of the Mexican Bay beyond.

The entrance to the private villa is on the narrow path that leads through the dense coastal vegetation and opens into the large openplan living room that looks out onto expansive views of the bay.

3 THOUSAND TOWER

† ZAPOPAN, MEXICO

A strong and iconinc Tower designed with the most luxury details, Flows vertically downward from its highest point.

The contemporary architecture takes its inspiration from nature in form and appearance,"

The aim is to create a vertical neighborhood by stacking multiple family homes in a complex yet elegant sculptural form.

Its distinctive shape also enhances the views it while optimizing daylight cover

Towers

3 THOUSAND TOWER

ALJAZIRA BANK I

PRIYADH, KINGDOM OF SAUDI ARABIA

Aljazira Bank(BAJ) Regional Management Office building is located in the financial district of Riyad, the capital of Saudi Arabia. This project started as a proposal in a design contest, turning selected to be the winner.

This building houses different offices of the bank. The ultra-modern design proposes a unique shape and height that draws a horizon signed by the Creato style.

The idea started with an intuitive and dynamic attitude combining an ultramodern style, taking inspiration from the desert and turbans as a symbol of its history and progress.

Lines are soft and challenging, making a reference of moving towards the future giving sensation of continuity through the landscape and air.

ALJAZIRA BANK I

ALJAZIRA BANK II

PRIYADH, KINGDOM OF SAUDI ARABIA

The objective of the project is to be the center of the new major development and corporate existence for the next 20 years. The Al Rahmaniyah project promotes sustainable areas within the environment and creates a high quality design that would be the landmark that integrates the surroundings.

The formal concept of the building is inspired by a flower that blooms. It contains powerful and inspiring symbolism about life, spirituality and strength. Values that we are looking to promote with the project and that are part of the ideals of Aljazira Bank.

Towers

FLORENCIA GARDENS

† ZAPOPAN, MEXICO

Florencia Gardens, designed by Creato and developed by Binvest, is an urban oasis where you can enjoy living luxury and comfort in an exquisite natural environment.

The concept is inspired by modern style, where each residential unit. It offers you magnificent panoramic views creating an atmosphere of serenity and connection with nature."

FLORENCIA GARDENS

HELIOTROPO TOWER

¶ GUADALAJARA, MEXICO

In the middle of this incredible heliotrope tower city stands out for its modern and organic architecture, offering a vertical life experience with unparalleled luxury.

The facade is strongly recognizable from a great distance due to the discontinuous mass of the building and intentionally displaced.

It has oval cuts in the corners of the mezzanine slabs with the intention of softening the formal proposal and giving it a unique touch.

Towers

HELIOTROPO TOWER

JUAN PALOMAR TOWER

¶ GUADALAJARA, MEXICO

Standing out for its ultra-modern design; this grand tower offers a unique sensory experience that plays with its monumental character, big scale size, lights and an iconic shape.

In its creative process, CREATO decided to analyze the landmarks of the city and rescue its virtues to project them on the tower. Iconic verticality, forming a meeting point with a long life over time, generating an attraction site through mixed uses. And for its formal proposal, the concept was the reinterpretation of architectural gestures from historic buildings to contemporary elements.

Use: Residential Area: 32,480 M2 Built Land Area: 4,600 M2 Plot Other information: 4 parking basements, 40 levels. 190 residential apartments, hotel, retail & restaurants.

JUAN PALOMAR TOWER

ROYAL TOWER

† CDMX, MEXICO

The project is made up of two towers interconnected by a two-level central core that contains premises for commercial use. The towers are for residential use, they contain different prototypes of apartments.

The architectural program includes amenities and work areas. The contrast of the two buildings, very different from each other, is the main peculiarity of the project. In addition, public squares are generated that add to the city and that are unconventional.

ROYAL TOWER

LAZARO CARDENAS TOWER

¶ GUADALAJARA, MEXICO

is an innovative and luxury concept designed with the characteristic line of the firm, an inspiring place of magnificent spaces, monumental architecture that stands out from the urban environment.

With a monumental and unique design, the headquarters of this prestigious international brand takes care of the sculptural quality of the project; challenging the limits of design, physics and architecture.

Towers

LAZARO CARDENAS TOWER

PALM JUMEIRAH TOWER

PALM JUMEIRAH, UNITED ARAB EMIRATES

Palm Jumeirah Complex by CREATO is developed in two entities and its volumetric complexity can be seen even inside the building, giving each space its own spatial individuality. It can be called experimental due to its formal diversity, organic volumes and sculptural forms.

ATTIF PERIA

SANTA MARIA TOWER

† MONTERREY, MEXICO

This tower makes its way to the high demand of avant-garde in Monterrey, this mixed-use complex finds the perfect fusion between the forms, uses, luxury, and a unique ultra-modern architectural style, making it unique and iconic. Its forms were designed to transmit lightness and height, projected from a more solid platform.

For the covering, a skin was chosen that would transmit the vocation of its interior, with the front side focusing on the Business Center, and the backside on Life Living. This is expressed through a play on the glass that, as the building develops, opens up and transforms, transmitting the same language to achieve its forms but with different accents.

Towers

SANTA MARIA TOWER

THE BRIDE TOWER

† JEDDAH, KINGDOM OF SAUDI ARABIA

Resembling a strong and iconinc concept as a wedding dress, the project follows a continuous and elegant silhoutte that flows vertically downward from its highest point at the main tower in plot A and integrates organically into a more horizontal base at the beach leve on the plots.

The main tower is a 21 storey building that stars with a large lobby and a shopping center with anchor stores, restaurants and luxury galleries from its base to the first 4 levels.

The rooms are divided into the middle levels and each of them have panoramic views to the beach and to the Red Sea. the guest can freely use the amenities and facilities which includes: sport areas, business centers and conference rooms.

THE BRIDE TOWER

Towers

VERONA TOWER

† ZAPOPAN, MEXICO

VERONA is an innovative and luxurious concept designed with the signature stroke of the firm, an inspiring place of magnificent spaces, monumental architecture that stands out from the urban environment.

A refuge in the most prestigious area of Zapopan, homes that inspire and welcome, for owners with unique character, VERONA turns the owner's home into an experience.

In the middle of this amazing city, Verona Tower stands out for its modern and organic architecture; offering a vertical living experience with unmatched luxury.
